Please add any general comments about your instructor here.

Maybe I am not supposed to compare this instructor to others, but in my opinion, the grading time is a little slow compared to previous online instructors.

Instructor is rude unwilling to help students. Not shocked she doesnt have hardly any one finish the class. Not consistent with grading. Takes points off for major thing she did not point out in rough draft. Unfair and unwilling to work with students. Most unprofessional person I have ever had to deal with. Would not recommend her for any student who would like to learn anything.
