

# Faculty Observation Report

Faculty Member: **Betsy McCall**

Department: **Mathematics**

Course Number: **Math 152 – Calculus II**

Quarter & Year: **Spring, '08**

Observer: **Phil MacLean**

Date/Time of Visit: **Weds. 5/21/08, 5:45**

Number of Students Present: **10**

Location/Room No. **DH 408**

New Preparation: Yes  No

Lecture  Lab

Topic(s) Presented: **Integration by Partial Fractions**

Instructions: For each statement, rate the performance as--

Yes - Characteristic was demonstrated

No - Characteristic was not demonstrated.

N/A - Characteristic was not applicable to the situation.

## I. Course Content, Objectives, and Structure

1. Stated the purpose of the session.

2. Made explicit the relationship between today's and the previous session.

*Connections were made to previous topics such as integration by substitution, the log rule, etc.*

3. Arranged and discussed the content in a systematic and organized fashion.

*While this was true, the presentation followed the textbook verbatim. I'd encourage the use of lecture notes that are based on unit outcomes, not the textbook.*

4. Accomplished the course outline objectives.

*Topics presented were consistent with topics on the unit outline and are appropriate for week #8 of the quarter.*

5. Summarized the main ideas in the session.

| Yes | No | N/A |
|-----|----|-----|
| X   |    |     |
| X   |    |     |
| X   |    |     |
| X   |    |     |
| X   |    |     |
